Universal Free School Meals Survey

HAPPEN Researchers at Swansea University are evaluating the roll-out of Universal Free School Meals in Wales. They are asking parents/ carers to complete a short, anonymous survey to share their views on the provision and its impact on their children's health, well-being, and school experience.

The feedback gathered will help them better understand how the provision is affecting children and families. **The survey can be found here:** <https://forms.office.com/e/vtePtD03yt>
