

Newsletter 3rd July

School Reports

Your child will come home this afternoon with a copy of their annual school report. This will contain a copy of the teacher's report, their attendance record, a personal pupil report. For learners across Y2-Y6 additional information will be shared following completion of personalised assessments. Within the report, reading and spelling ages will be shared, based upon other assessments completed in May. These ages were calculated at the time of testing.

If you wish to discuss your child's report, please can you contact the School Office and Mrs Kift will arrange a time for you to meet with the class teacher.

Wind in the Willows

We are looking forward to welcoming Upper School families to see our production of 'Wind in the Willows' on Wednesday, Thursday and Friday afternoon next week. You should have received your tickets.

If your child has not brought their costume into school today, it **MUST** come in on Monday as we are preparing to produce the colour programme for the event containing photographs of all learners.

Y6 Leavers' Service

Year 6 families are invited to our Leavers' Service on Friday 17th July at 9.30am. This will take place in our school hall.

SupaStrikers - Last Week of Term

As the circus big top will be erected on Tuesday 14th July and the shows will be taking place after school, Archie will not be running his after school football club for Y4/5/6 pupils on Tuesday. Instead, players are asked to attend the session on Wednesday. There will be an extra coach so the two groups of players will be able to play separate games. This will also be the award afternoon for the end of the season.

Fidget Toys in School

We are seeing an increasing number of pupils bringing fidget toys in to school. These are beginning to cause additional distraction in classes and being used as a toy, rather than a necessary tool to support regulation of feelings. From September **NO FIDGET TOYS** will be allowed to be brought into school from home. School will be providing these and they will be accessible in all classes to support learners who benefit from them. In the last weeks of school, please can I encourage **ALL TOYS** to be kept at home. Many thanks.

Mini-Magazine Making Workshop

Parent Pay Accounts

Please can you ensure your Parent Pay accounts are not carrying any debt. There are still outstanding payments for the Y5 canoe trip, the Y3 trip to Techniquet and Breakfast Club. We must clear all debts prior to the end of term.

Pupil Karate Success

Congratulations to one of our youngest pupils for achieving their first karate grading belt and certificate after only two months!
